

Democratic Republic of Congo Crisis

Pray with us

Dear Lord, I come before you with a heavy heart, conscious of those suffering in the Democratic Republic of Congo. I bring the peace talks currently happening to you and ask for your breakthrough and for peace to be established.

Peace seems like a distant promise for people caught in the crossfire of violence. But you are the God of peace, and you hold each one of us in your hands.

Will you do the miraculous; secure peace in this divided nation, bring faith where there is fear, and breathe hope where there is despair?

Will you provide physically and spiritually for the men, women, and children suffering in this brutal conflict? And will you use us to help bring about your peace on this Earth?

Lord, nothing is too big for you. It's in your name I pray.
Amen.
