

East Africa Hunger Crisis

Dear Lord,

I/we give you thanks that you are good; that your mercies are new every morning; and that you welcome our prayers and petitions.

I/we come to you with an urgent need – trusting that you are the God who provides and makes a way.

I/we pray you help Tearfund's application for more funding to be accepted by the NZ Government – that through it, you will provide the food and care people in Ethiopia need in this hard season.

God, please sustain and encourage Tearfund's Christian partner, TDA, who is now the only remaining humanitarian organisation working in the region. Breathe new hope into their staff members, who are tired and in need of rest and refreshment.

And I/we pray for rain, and that a good harvest will come once again, so that people can thrive Lord.

God, please make a way. In Jesus name, I/we pray.
Amen.
